ROMANCE.-" Once upon a time " a young lade, well known in cheatrical circles, appeared upon the dy, and being rooms and beautiful she attracted great was talented as well as handsome, and in her conversation, intellectuality sparked forth. She was look- No. 25 Madison Street, ed upon as a gradigy, and many worn her admirers ; among others was a young man, studying law at the capital of indices. He was, as the world terms men having a good figure and present face, handsome. His received in indices, the capital face, handsome. His received in indices, the capital face, handsome. His received in indices, the capital of this celebrated actress was short, and charmed with the splendid appearance which this woman made upon the store, he imagined that the scan ideal of his portheric thoughts was realized in the person of the female who represented characters in the stage which he had preciously read of. Belonging to a good and wealthy family (and this is supposed, generally to be a good introduction) he scan because acquainted with the actress, and drank so deep of her interiorable that the female was forced, protestations of her price deposits to charm existence. A week staped after this acquaintance was forced, protestations of her price deposits of the pension of the female who have done, grounded that the interior was forced, protestations of her price deposits of the hard of the could not live unless he had her could be could not live mines he had her could be could not live mines he had her could be could not live mines he had her could be could not live mines he had her could be could not live mines he had her could be could not live mines he had her could be could not live mines he had her could be could not live mines he had her could be could not live mines he had her could be could not live mines he had to be a good introduction) he scan because acquainted with the approach of the female who represented on making Armphia our policiest from all sections.

Returning our gradeful acknowledgments for the very sale of the interior to he double our diligence in the frade, the last learning our gradeful acknowledgments for the very sale of the manuach hereited a consideration and the world particular to the could be a good introduction) he acon because acquainted with the agree and Consignation our diligence in the frade, the last learned he mection. Foor youth I His dreams were not realised;
the woman, whom he thought a divinity, turned out a coquette. Low was thrown uside, and that young man,
nov27-tf BOYD & ANDERSON. the hope of his parents, is at present in New Orleans, Trees, is graying engagements in different sections of the Union, and is highly popular. Has that woman a heart who would then tribs with the affections of men? But, Henry Labeler, Life and Kristinge, by the Boughter norm are no prone to fair in love (so term si) with women who appear up at the stage, but deeming it necessary tyle-quire concerning their regulation, and we must put down this case as one of these expected events, when a coqueffe is the bright particular star at a theore.
